WATCHLIST TECHNICAL SUMMARY (SET)

Generated automatically on 2026-06-15 23:04:42 (Thailand Time)

Ticker	Cost	Price	Support	Resist.	OBV	MACD	Trend	Rec.	Important Note (THB Context)
ADVANC.BK	370.62	360.00	349.00	372.00	Falling	Bullish Territory	Sideways	Hold	A neutral Hold is maintained; the lack of a Rising OBV volume trend prevents any accumulation or buy decision despite the MACD remaining in Bullish Territory.
AOT.BK	55.00	59.00	52.00	60.00	Rising	Bullish Territory	Bullish	Hold (Accumulate)	The powerful combination of a Rising OBV volume trend and Bullish Territory MACD status strongly justifies our decision to Hold (Accumulate) and scale up.
BBL.BK	168.45	172.50	164.00	176.00	Falling	Bearish Territory	Sideways	Sell	Downgraded to Sell; the hazardous combination of a Falling OBV volume trend and Bearish Territory MACD dictates an immediate exit to preserve capital.
GULF.BK	57.92	65.00	59.50	68.50	Rising	Bearish Territory	Bullish	Sell	Downgraded to Sell; the Bearish Territory MACD triggers our capital preservation rule to lock in profits, overriding the otherwise supportive Rising OBV trend.
PRM.BK	8.70	8.45	7.95	8.95	Rising	Bearish Territory	Bearish	Hold	We maintain a neutral Hold because the Bearish Territory MACD fails to confirm the Rising OBV volume trend, preventing an accumulation trigger.
KTB.BK	32.53	35.75	34.00	36.00	Rising	Bearish Territory	Bullish	Sell	Downgraded to Sell; despite a Rising OBV trend, the Bearish Territory MACD signals a critical loss of momentum, triggering our capital preservation exit rule.

WATCHLIST TECHNICAL SUMMARY (SET)

Generated automatically on 2026-06-15 23:04:42 (Thailand Time)

Ticker	Cost	Price	Support	Resist.	OBV	MACD	Trend	Rec.	Important Note (THB Context)
PTT.BK	32.12	35.00	34.75	37.25	Falling	Bearish Territory	Bearish	Sell	Downgraded to Sell to lock in profits; the dual breakdown of a Falling OBV volume trend and Bearish Territory MACD represents high systemic risk.
SCB.BK	143.38	140.00	133.00	141.50	Rising	Bullish Territory	Bullish	Hold (Accumulate)	The combination of a Rising OBV volume trend and Bullish Territory MACD status justifies our decision to Hold (Accumulate) and average down safely.
WHA.BK	4.87	4.98	4.60	5.20	Rising	Bearish Territory	Sideways	Sell	Downgraded to Sell; we prioritize profit preservation because the Bearish Territory MACD indicates structural weakness, despite the Rising OBV volume trend.
